📍 Medellín, Colombia · EST-aligned (GMT-5)

🏠 Remote — U.S. teams since 2023

— PROFILE

Senior Architect with **15 years of experience** across residential, multifamily, healthcare, industrial and commercial projects in Colombia, Mexico, Peru and Chile — the last **3.5 years fully remote with a U.S. multifamily renovation platform**. Deep expertise in Design Development and Construction Documents under **AIA presentation standards and imperial units**, BIM management in Revit, and building QA and automation workflows that make delivery teams faster and more reliable. Comfortable leading standards, coordinating distributed teams and turning messy feedback into clear, actionable modeling rules.

— EXPERIENCE

Architect · DOps Model Analyst

Feb 2023 – Present

Tailorbird — U.S. multifamily renovation platform (remote)

- Model analyst in Delivery Operations for the Unit Interiors workflow, serving large multifamily property portfolios across the United States.
- Own and enforce interior modeling standards so Revit models are consistent, correctly parameterized and ready for takeoff, quantification and QA.
- Act as coordination bridge between architectural modeling, quality review and the quantification center — one shared modeling language across teams, including external partners in India.
- Detect workflow gaps and translate stakeholder feedback into clear, actionable modeling rules; drive template and parameter refinements that reduce rework portfolio-wide.
- Building internal automation tooling (AI-assisted) to accelerate CSV QA, reporting and delivery workflows.

BIM Manager

Aug 2022 – Feb 2023

A+U Arquitectos Urbanistas — Medellín

Led BIM coordination and authored modeling protocols for institutional projects: María Cano University campus, Yarumal day-care center and the Tulio Ospina Stadium expansion.

Director of Architecture

May – Aug 2022

Inn Solutions SAS — Medellín

Directed design, development and construction follow-up of Smart Fit gyms rollout across Bogotá, Cartagena, Cali, Medellín and Panama City — repeatable, brand-standard delivery at multi-site scale.

— CORE SKILLS

Revit (advanced · families)

AIA standards · imperial units

Construction Documents (CD)

Design Development (DD)

BIM management & standards

Multifamily & residential

QA & takeoff workflows

Cross-team coordination

Remote collaboration (U.S.)

Python · data analysis

AI-assisted automation

— EDUCATION

B.Arch — Architecture

Universidad Jorge Tadeo Lozano · 2005 – 2010

Specialization, Strategic Senior Management

Unisabaneta · 2020 – 2021

Data, Analytics & AI (in progress)

Universidad EAFIT · 2025 – 2026

— CERTIFICATIONS

Senior Architect

May 2021 – May 2022

EDU — Empresa de Desarrollo Urbano, Medellín

Public-sector urban development: Parques del Río Norte agreement.

Senior Architect · BIM Developer

May 2018 – Sep 2020

Convel S.A.S — Medellín

- DD and CD production for HUB Coordinadora Cota, a ~807,000 SF (75,000 m²) logistics hub.
- Altos de Solemio: large-scale affordable housing (VIS) development in Soledad, Atlántico.

Senior Architect

Oct 2015 – Mar 2017

Condiseño Arquitectos — design consultant to
Safdie Architects

Construction Documents for **Serena del Mar Hospital Center** (Cartagena, ~560,000 SF), designed by Safdie Architects and advised by Johns Hopkins Medicine International — full CD set under U.S.-style documentation standards with multidisciplinary coordination.

Earlier roles — Design Architect

2011 – 2015

Gómez Piedrahita · A+U · Coninsa Ramón H · Javier Vera ·
CAM Colombia

Residential, commercial, industrial and institutional projects across Colombia and Chile, including Swiss Living Suites (full Revit model, construction drawings and structural coordination) and public transit and cultural buildings with an FPAA-awarded practice.

- AI Fluency: Framework & Foundations
- Revit Families — Autodesk
- Critical Thinking — Tec de Monterrey
- Claude 101 — Anthropic
- Data & Analytics track — Sapiencia

AWARDS

- Honorable Mention — Int'l competition "Rascacielos 2013", Lima
- Winner — private competition, C-2 mixed-use building, Laureles
- Winner — private competition "SITUM", Barranquilla
- 2nd place — public art competition, Bucaramanga 400 years

LANGUAGES

- **Spanish** — native
- **English** — professional working proficiency (daily use with U.S. teams)
