

Daniel Peña Ospina

V.2026.1

Senior Architect — Design Development & Project Delivery

From design intent to permit-ready documentation

MEDELLÍN, COLOMBIA · OPEN TO RELOCATION & INTERNATIONAL ASSIGNMENTS · SPANISH · ENGLISH

› danielpenaospina@gmail.com › danielpenaospina1986.github.io › linkedin.com/in/danielpenaospina › @dapo.arq

PROFILE

Architect with **15 years** developing buildings from design intent to permit-ready documentation — healthcare, residential, sports, cultural, educational, industrial and logistics work across **Colombia, Panama, Mexico, Peru, Chile and the United States**. Design authorship backed by four competition results, and technical development on projects up to 807,000 SF, including the **Serena del Mar Hospital Center**, designed by Safdie Architects and advised by Johns Hopkins Medicine International. Leads multidisciplinary coordination and delivery standards — treating BIM and automation as instruments of design control, not as ends in themselves.

EXPERIENCE

Architect · Delivery Operations Model Analyst

Feb 2023 – Present

Tailorbird — U.S. multifamily renovation platform (remote)

Own modeling and documentation standards for large U.S. multifamily portfolios; coordinate modeling, quality review and quantification teams across three countries.

Founder · Principal

Ongoing

dapo.arq — independent practice

Residential and small-scale commissions under own authorship, concept through construction.

BIM Manager

Aug 2022 – Feb 2023

A+U Arquitectos Urbanistas — Medellín

Director of Architecture

May – Aug 2022

Inn Solutions SAS — Medellín

Senior Architect

May 2021 – May 2022

EDU — Empresa de Desarrollo Urbano, Medellín

Senior Architect · BIM Developer

May 2018 – Sep 2020

Convel S.A.S — Medellín

Senior Architect

Oct 2015 – Mar 2017

Condiseño Arquitectos — design consultant to Safdie Architects

Design Architect

2011 – 2015

Gómez Piedrahíta · A+U · Coninsa Ramón H · Javier Vera · CAM Colombia · AIA

CAPABILITIES

Concept & schematic design · Design development · Design direction and review · Design criteria and code · Multi-site brand standards

Construction Documents · AIA standards · imperial units · Permit-ready sets · Multidisciplinary coordination (structure · mechanical · electrical)

SketchUp + V-Ray · Twinmotion · Lumion · Illustrator · Photoshop · InDesign

Revit (advanced · families) · BIM standards & coordination · AutoCAD · QA & takeoff workflows · Python · AI-assisted automation

SELECTED PROJECTS

Role, scale and phase for each — the work behind the titles.

Serena del Mar Hospital Center

Cartagena, Colombia

SENIOR ARCHITECT / ~560,000 SF / HEALTHCARE / CONSTRUCTION DOCUMENTS

Full CD set for a Safdie Architects design advised by Johns Hopkins Medicine International — carrying a demanding design through technical development under U.S.-style standards, with structural, mechanical and electrical coordination.

HUB Coordinadora Cota

Cota, Colombia

SENIOR ARCHITECT · BIM DEVELOPER / ~807,000 SF / LOGISTICS · INDUSTRIAL / DD + CD

Design development and construction documents for a large-scale logistics hub — the largest single building in the portfolio.

Parques Tricentenario

Medellín, Colombia

SENIOR ARCHITECT / ~144,000 SF / PUBLIC REALM · URBAN DESIGN / CONCEPT → CD

Public-realm renewal within the Alcaldía de Medellín’s Parques del Río Norte programme, delivered with the EDU. Led concept design — including community workshops that shaped the brief — then design development, permitting through the curaduría and construction detailing.

Arkadia

Medellín, Colombia

SENIOR ARCHITECT / ~1,615,000 SF / MIXED-USE RETAIL / CONCEPT + DD

One of Medellín’s largest malls, now built. Delivered as part of a three-firm consortium (A+U · Coninsa Ramón H · AIA); the team developed concept design and design development.

ALSO Smart Fit five-city rollout (Colombia & Panama) · Parques del Río Norte · María Cano University campus · Tulio Ospina Sports Complex · Altos de Solemio affordable housing · Swiss Living Suites · Centro Cultural Débora Arango · Metroplús and Transantiago transit stations.

RECOGNITION

Honorable Mention — “Rascacielos 2013” international competition, Lima

Winner — C-2 mixed-use building — private competition, Laureles

Winner — “SITUM” — private competition, Barranquilla

2nd place — Public art competition — Bucaramanga 400 years

Practice award — “El Arquitecto de las Américas” — FPAA, 2012

EDUCATION

B.Arch — Architecture

Universidad Jorge Tadeo Lozano · 2005 – 2010

Specialization, Strategic Senior Management

Unisabaneta · 2020 – 2021

The Architectural Imagination

HarvardX — Harvard GSD

Data, Analytics & AI

Universidad EAFIT · 2025 – 2026 (in progress)

LANGUAGES

Spanish — Native

English — Professional working proficiency — daily use with U.S. teams
